### Mid Year Review From President Andy

The old saying "time flies when you are having fun" seems to fit well with the first half of this Lion's club calendar year. The first six months have gone by fast, but they were very successful months for our club. We had our usual successful Fall Pancake Breakfast in November, and our Christmas auction provided a lot of fun along with a good return. Lions Sam and Doug brought us some top notch programs during this time. The addition of three new members since July should strengthen our club even more.

However, now is not the time to rest on our laurels. The spring brings several great opportunities for our club to shine. Starting in March with the Spring Pancake Breakfast, another Boll Weevil100 in April, and ending the year in May with the golf tournament at Tartan Pines, we have to roll up our sleeves and get to work.

Each one of us plays a key roll in making these projects a success. I urge each member to mark your calendars and get ready to do their part.

Thanks for all you do!

### Lions Project: Provide New Eyeglasses

Lion Judy Crowley is our club's contact for persons who need eyeglass but cannot afford them. If you know of someone, please call her at the Coffee County Family Services Center (334) 393-8538. She does a financial evaluation to ensure that the person does not have any other recourse and then issues a voucher for the exam and glasses. The person then makes an appointment.

During this Lions Club year (July—December 2007), 268 vouchers have been approved, ten have been disapproved, and twenty-six clients have been transferred to other clubs for assistance.
